Dear Mr. Lowry:

This is to let you know the results of this Agency's review of the documents that Department of State historian Dr. David Mabon selected from your records as part of his research for a Vietnam War volume in the Foreign Relations of the United States. I shall enclose a copy of our letter to Dr. Mabon, noting those CIA-originated documents that were released, and those that were denied, for his use in this project.

We appreciate your help in this matter.

Yours sincerely,

/s/

J. Kenneth McDonald
Chief Historian
